^a Clients as of March 31, 2024

Key Facts & Figures

Source: (SPPP) Date: 2024/06/11

^b Clients who received a payment throughout the year

¹ Estimated Veteran population figures are based on the 2021 Statistics Canada Census of Population.

² As of April 8, 2024, there were 170 VAC employees who have self-identified as being current or former Canadian Armed Forces (CAF) members.

³ Source: Canadian Armed Forces - Strategic Joint Staff, Deployment Data 2001 - 2013, March 31, 2014.

⁴ April 1, 2019, Pain and Suffering Compensation was introduced and replaced Disability Awards (DA). As of April 1, 2019, Disability Award recipients are Pain and Suffering Compensation recipients. DA client total include only clients still in pay for DA as of March 31. These clients may appear in other programs. Expenditures include one-time DA additional amount as well as DA max rate adjustments and outstanding periodic payments.

⁵ Please note that expenditures for dual clients are reported under Disability Pension and the Pain and Suffering Compensation.

⁶ Includes Career Impact Allowance Supplement (CIAS) clients who transitioned to IRB who either were not in receipt of Earnings Loss Benefit (ELB)/Retirement Income Support Benefit (RISB) or have offsets from other income sources that offset their remaining IRB portion to \$0.

On April 1, 2019, the Supplementary Retirement Benefit (SRB) was terminated with the introduction of the Income Replacement Benefit. As part of the transition to IRB, and termination of SRB, all clients who were in receipt of the Earnings Loss benefit and had a favorable Diminished Earning Capacity (DEC) decision were paid out what they had accrued in SRB to date.

⁸ This number represents clients who have a favorable eligibility decision. However, they may not currently have an active plan with the National Service Provider. Full data is not yet available for this program as it involved the launch of a new case management system and data and reporting packages are still in development.

⁹ Includes 1,356 Veterans in Community Beds (VIP funded).
